Waste-Line Lifter

Robust
Hard working
Hard to beat for value and quality

Struggling with hygiene & safety issues is a thing of the past with our new Bin Lifter.

It has a revolutionary two stage up and over system that empties all the waste in a clean, hygienic, action ensuring complete emptying of the bin.

Crown's Waste-Line Lifter picks up and tilts to an impressive 160° without the need for internal chutes which inevitably become heavily contaminated.
